Vodafone
Power to you

No lock-in contract on selected new Red Plans - if you don't love us, you can leave your plan and keep your phone, just pay us what's left.

The nitty gritty: Devices may be purchased under a Mobile Payment Plan ('MPP') of, for example, 12 or 24 months duration ('Commitment Period'). The outright price of your chosen device (as set by Vodafone at your time of purchase) will be spread in equal installments over your chosen Commitment Period. Once chosen, your Commitment Period is fixed (unless you elect to pay your total remaining balance in full in one installment). MPP is only available to customers who connect and remain connected to an active and eligible Vodafone Red Plan ('Eligible Plan'). If you cancel your Eligible Plan, your MPP will also automatically cancel and 100% of remaining MPP installments plus any outstanding charges on your voice plan will be applied to your next bill. Minimum monthly spend and terms and conditions apply for Eligible Plan. V09999 08.17
