Vodafone
Power to you

No lock-in contract on the Red Plan you choose. If you don't love us, you can leave your plan and keep your phone, just pay us what's left. To find out where we have 4G, see vodafone.com.au/coverage.

The nitty gritty: 1: Red Plans are only available if you either purchase a phone from Vodafone outright, or under a Mobile Payment Plan ('MPP') of 12, 24 or 36 months duration ('Commitment Period'). For personal use by approved customers only. Inclusions expire after 1 month unless otherwise stated. Plan excludes Premium Services, 1223, & 1225 directory services, 123 Ask-Us-Anything, International Roaming, content purchases, call screen and charges for additional data and additional standard international calls. Minimum monthly spend is \$73. Must connect for minimum one month. Total minimum cost is one month of your plan fees plus 100% of the RRP of your chosen device. There is no Early Exit Fee on your Red Plan, however, if you choose to cancel your Red Plan, 100% of the remaining handset installments will be applied to your next bill (you cannot have an MPP without an active Red Plan). Recurring monthly plan fee charged until the end of the month in which you notify that you wish to cancel. 2: Mobile Payment Plan ('MPP') available for personal use only to approved customers who connect and remain connected to an active and eligible Vodafone Red plan. The outright price of your chosen device (as set by Vodafone at the time of purchase) will be spread in equal instalments over your chosen commitment period (12, 24 or 36 months). Once selected, this commitment period is fixed (unless you elect to pay your total remaining balance in full in one instalment). If during your MPP commitment period you cancel your Red Plan, your MPP will also be automatically cancelled and 100% of remaining MPP instalments plus outstanding charges on your voice plan will be applied to your next bill. 3: Personal use only. Business customers must have an ABN/ACN. Bonus data available to approved new and upgrading customers who sign up to a Vodafone \$50 Red Data plan (2GB bonus). Excludes Business Grow and Business Flex. Discount is applied months 1-24 if you remain continuously connected ('Discount Period'). Forfeited if you cancel. All data for use in Australia. Services subject to capabilities, network limitations & customer location. Offer not transferrable or redeemable for cash. Subject to change. 4: The specific Red Discount listed above is only available for the exact phone and plan combination shown and is not a permanent offer - all Red Discounts are subject to continual change. Once purchased, your Red Discount will be applied to your bill for the length of your chosen Mobile Payment Plan (MPP) commitment period (i.e. if your MPP is 24 months, you will receive the discount for 24 months). After your MPP has ended, your Red Discount will also end and your minimum monthly spend will revert to the full, undiscounted plan amount. 4G is available with a compatible 4G device. 4G in selected areas in Australia.
