

What counts towards your qualification?

In the Compensation Plan, there is a requirement to qualify with at least 3 services. This document is a guide to help clarify what products count/qualify as a service.

AUSTRALIA

Service	Counts towards qualification
amaysim Mobile	• Each service with a different phone number counts as a service
amaysim Mobile Broadband	• Each service with a different service number counts as a service
Vodafone Mobile	• Each service with a different phone number counts as a service
Vodafone Mobile Broadband	• Each service with a different service number counts as a service
Vodafone Broadband (nbn™)	• Each service with a different address counts as a service
MATE Mobile	• Each service with a different phone number counts as a service
MATE Broadband	• Each service with a different address counts as a service
Sumo Energy	• Each meter counts as a different service
Alinta Energy	• Each meter counts as a different service
Payments Processing (Sphere)	• Single location counts as a service
Vonex	• Each Business Phone, Internet and Mobile plan counts as a service
Truvvi Lifestyle	• Each membership counts as a service
Honey Insurance	• Each policy counts as a service

NEW ZEALAND

Service	Counts towards qualification
Agency service	
Truvvi Lifestyle	• Each membership counts as a service

The above method is used to determine whether a service contributes to the minimum required for qualification, regardless of whether that service is part of a bundle offer or not.
