Critical Information Summary: QBR 4G BYO Handset

Description about this service:

These plans are postpaid mobile services that contain the inclusions listed in the table above. They are for a minimum of 24 month term.

Eligibility: Vonex Mobile Voice plans are available for new services.

Bringing your own device: You may bring your own mobile device to use with these plans. The device must be unlocked and able to use the Optus 3g/4G network that covers 98.5% of the Australian population.

Included value: Monthly inclusions set out in the table above and included usage types are outlined below:

- Standard national calls and text Included value can be used for calls, SMS and MMS in Australia to standard Australian numbers, calls to 13/1300/1800 numbers, voicemail retrievals/deposits and voicemail diversions.
- If you use more than your included data we'll automatically give you another 1GB for \$15. Any unused data expires at the end of each billing month. Data is counted in kilobytes, and includes uploads and downloads.
- Your monthly included calls, text and data cannot be used overseas and do not include calls to directory assistance, video calling, premium numbers or content charges. Calls and SMS/MMS outside of your inclusions or to other destinations will be charged at standard international PAYG rates, see our website for details.

If you use your device for services not included in your plan or exceed your monthly allowances, you'll have to pay more than your minimum monthly charge set out in the table at the start of this summary. Monthly charges are paid in advance & any charges not included in your plan will appear on your next bill after they are incurred.

Using your service overseas

Standard Global Roaming Rates on these plans are substantial and must be considered before attempting to use this service overseas. To send and receive any call whilst overseas is \$1.50 per minute, and data is \$1 per MB, (see full details on our website). International Roaming is not recommended on these plans due to these costs. Please talk to the Vonex helpdesk about options including the Vonex App and having your number diverted to a voicemail that you can retrieve whilst using local in country data options.
