Approved Honey Insurance Facebook and Instagram intro text for:

IBO's SOCIALS

Please note that the insurance industry is highly regulated, and it is important for IBOs not to alter, customise, or change any approved marketing or sales material provided. In the event that an IBO fails to comply with the Honey Insurance marketing guidelines, they may face a potential ban on future Honey referrals, termination of their ACN position, significant fines passed on from the regulator, as well as potential legal action.

Option 1

Honey's goal is to eliminate the majority of avoidable accidents that happen in the home.
