Bonuses for existing IBOs in July 2023

ACN Independent Business Owners (IBOs) can earn money in four ways:

1. Residual commissions paid monthly based on their personal customers' usage of ACN's services.
 2. Residual commissions paid monthly based on their downline's customers' usage of ACN's services.
 3. Bonuses paid weekly based on their personal customer acquisition.
 4. Bonuses paid weekly based on their downline's personal customer acquisition.
-

Compensation is earned only when customers are acquired.

Refer to the ACN Compensation Plan for complete details. Earnings as an ACN IBO are based solely upon the successful sale of products to customers and their usage of those products. Individuals will incur expenses in operating their ACN business, such as the fee and renewal fee, as well as other possible operating expenses. As with any business, earnings and success at ACN are not guaranteed but depend primarily on the individual's persistence, effort, and results of acquiring customers personally and/or through their team. Individuals will not earn income and will lose money as an IBO if customers are not acquired.

ACN's Compensation Plan is subject to change without notice at ACN's discretion and for any reason.

MONTHLY RESIDUAL COMMISSIONS

Over time, the majority of your compensation will come from the residual income you earn from the services your customers use. Customer acquisition is the fuel for your business, creating long-term income. By teaching other people how to gain customers, you can build residual income for yourself.

PERSONAL COMMISSIONS

As you acquire your own personal customers, you qualify to earn between 3% and 20% of their Monthly Commissionable Revenue based on their services. This percentage is based on your total number of Personal Customer Points:

1-39 Customer Points	= 3%
40-59 Customer Points	= 5%
60-99 Customer Points	= 10%
100-149 Customer Points	= 14%
150-199 Customer Points	= 17%
200+ Customer Points	= 20%

New IBOs can earn these bonuses based on the number of Customer Points and services they acquire in their first 30 days. REMEMBER:

Compensation is earned **only** when customers are acquired. ACN reserves the right to retract the payment of any bonus or commission if it is found that a customer used to qualify for a bonus or a certain commission level was not a valid customer.

AUSTRALIAN CUSTOMER POINT SYSTEM & COMMISSIONABLE REVENUE

The only way to earn income at ACN is through the acquisition of customers; therefore all IBOs must acquire customers in order to meet qualifications and advance through ACN's earned positions. ACN utilises a Customer Point system for each of its products and services. Services provide long-term residual income.

AU Compensation Plan Terms and Conditions:

DEFINITIONS AND RULES:

Accreditation - To receive qualifications and compensation for customers successfully referred to any ACN Pacific partner via ACN, IBOs must be current with their Australian accreditation requirements in accordance with ACN Pacific's policies. If an IBO does not complete the required accreditation training modules, including CAC Accreditation, MATE Accreditation, amaysim Accreditation, Vodafone Accreditation, and Energy Accreditation, prior to or within 90 days of a successful customer service referral then the IBO will not receive points, qualification or commissions for the customer's service.

Monthly Billing refers to standard monthly rate as determined within the "Customer Point System & Commissionable Revenue" table as the nominated plan fee. For Energy services 100% of nominated Monthly Plan value is used for Billing Revenue. For Truvvi services the Monthly Billing is equal to Monthly Commissionable revenue values.

Monthly Downline Billing is the total monthly billing of your personal and downline customers, unless stated otherwise.

Commissionable Revenue is as defined in the Product Table less taxes, surcharges and an allowance for bad debt (where applicable). ACN reserves the right to reduce commissionable revenue by a percentage factor for promotional plans, products, negotiated pricing or certain services.

An IBO must maintain the requirements for CQ (see page 2 of this document) in order to be eligible to be paid CABs, Commissions and Promotional Bonuses.

A maximum Customer Point threshold applies to the following Australian services: Mobile & Mobile Broadband, nbn™ Broadband, Lineshare Services, Security Services and Energy. A maximum of 50 Customer Points for each of these services can be awarded to a single customer account. This maximum Customer Point threshold will only apply to new services added to a customer's account after 1 July 2011. This maximum Customer Point threshold does not replace ACN's CQ qualification requirements (see the current Compensation Plan and section 1.8G of ACN's Policies & Procedures).

New IBO Bonuses: If a customer cancels their service within the first 90 days, the service will immediately stop counting towards qualification and will result in automatic reversal of all bonuses.

Customer Bonuses exclude a) Vodafone Upgrades b) all new number or switched number SIM Only, month-to-month Plans c) switched nbn™ Broadband services, d) Sumo and Alinta Energy switched services.

A Service will not be considered complete and you will not gain qualification points until a complete online service order has been received. See 'When is a Customer a Customer' document.

If a Mobile, Mobile Broadband, nbn™ Broadband, Vonex or Energy customer cancels their service within the first 90 days, the service will immediately stop counting towards qualification and will result in automatic reversal of all bonuses, CABs and Commissions.

Non-Activated Mobile and nbn™ Broadband Services: If a customer's service has not been successfully activated within 90 days from application date with an ACN telco partner, the service will be purged from the IBO's PCL. If the customer does successfully activate their service following PCL purge, the service will be reinstated as Active within the IBO's PCL.

Mobile and nbn™ Broadband Purge Rules:

- a) For customers whose service has been active with an ACN telco partner for less than or equal to 90 days, services will purge immediately upon notification from partner that the customer has moved to a new provider or disconnected their service.
- b) For customers whose service has been active with an ACN telco partner for more than 90 days, services will purge on the last Friday of the next calendar month from partner notification to ACN that the customer has moved to a new provider or disconnected.

Please note that the 90-day timeframe is from successful service activation, including first call or data use on a mobile or broadband service, not customer application date.

New Number services will award points 45 days from activation and will not be eligible for qualification or Customer Acquisition Bonuses unless explicitly stated.

Switched Service Sign-Ups: An IBO that signs up an existing ACN Mobile or nbn™ customer currently allocated to another IBO, to a new ACN Mobile or nbn™ provider, will be rewarded for moving the customer. The original IBO that referred the customer to ACN initially will continue to be rewarded for the customer up to the date at which the service disconnects from the initial ACN partner, or if the service has been activate for more than 90 days, the service will purge on the last Friday of the next calendar month from disconnection.

Number spinning will not be eligible for qualification points and will not earn commission. Number spinning may also result in the termination of an IBO position. Number spinning includes:

- a) a service that is ported away from an ACN partner that is then ported back to the same provider within a 60-day period and/or
- b) a new service that is activated for an existing Customer with an ACN partner, followed by a cancellation of a pre-existing prepaid or post-paid service in the same customer name within a 60-day period.

MOBILE & MOBILE BROADBAND:

1. **Vodafone Mobile & Mobile Broadband** - A "connection" occurs where a customer connects a new service to the Vodafone network via ACN. An "upgrade" occurs where any customer with an existing service from any provider connected to the Vodafone network, commits to a new fixed term contract via ACN. This includes, but is not limited to, providers such as Vodafone, Lebara, Kogan, TPG and iinet Mobile. Only revenue generated by the monthly plan fee is commissionable. Equipment instalments and add-ons are excluded. IBOs will not receive qualification points or commissions for a Vodafone Mobile or Mobile Broadband Service until the service has been activated.
 - **Month-to-Month** - Service will be purged at 12 months unless the service is upgraded by the IBO prior to the end of 12 months.
 - **Handset contract terms** - Service will be purged at 12, 24 or 36 months unless the service is upgraded by the IBO prior to the end of the customers device repayment term selected at sign-up. If the service is upgraded by Vodafone directly within the original contract term, the customer committed under ACN, the service will purge at the end of the original ACN order term.
 - **Active Customer Upgrades** - Where an active ACN Vodafone Mobile customer upgrades via ACN and the new upgraded order is completed within 90 days of the previous order date, their scheduled ACN customer purge date, Customer Points, and Residual Commission will not change and will reflect the customer's original order placed via ACN. Where an active ACN Vodafone Mobile customer upgrades via ACN and the new upgraded order is completed more than 90 days after the customer's original order, the scheduled ACN customer purge date, Customer Points, and residuals will be updated to reflect the new customer order.
 - **Mobile Customer Upgrades** - An IBO can upgrade a Vodafone Mobile customer currently allocated to another IBO, and will be rewarded for the service.
