OUR NEW PLANS

What and When?

This week we are launching new products available to East Coast residential electricity and gas customers.

We have heard your suggestions

Many of you have told us that Alinta Energy needed to simplify the product we had. You also told us that you needed a dedicated product.

What is it?

- A simple, competitive rate-only 12-month energy plan
- Bonus credits*
- Rates quoted are rates the client receives – in their welcome pack & on the bill
- Rates are variable

SELECTSAVER FAQs

Question	Answer
What is the SelectSaver energy plan?	SelectSaver is only available to residential customers, who receive an online sign-up invitation link. The plan is straightforward with no special conditions, ensuring customers benefit from competitive rates and no hidden fees or charges.
How long can I be on the SelectSaver plan for?	<p>New customer: SelectSaver has a 12-month contract term, starting from the customer acceptance date. This means the SelectSaver rates are available to you for 12 months.</p> <p>If you are an existing Alinta Energy customer the SelectSaver 12-month contract term starts the day you sign up and accept your new plan.</p>
How do the bonus electricity and gas credits work?	<p>The bonus credits will be automatically applied to your first SelectSaver electricity and/or gas bill. Bonus credits will only be applied once to a property's electricity and/ or gas account(s) in 12 months. For example; if you received a bonus credit for your electricity account at the same supply address in the past 12 months you will not be eligible to receive the electricity bonus credit. If you received a bonus credit for your gas account at the same supply address in the past 12 months you will not be eligible to receive the gas bonus credit.</p>
Will existing customer upgrades to SelectSaver be eligible for the Elevate incentive?	<p>No, only new to Alinta Energy customers are counted toward the elevate bonus. However, we strongly encourage you to speak with you existing Alinta Energy customers to ensure they are on the best available plan for their needs.</p>
What happens at the end of the 12-month contract term?	<p>Before the end of the contract, we'll let you know that our sale and supply of electricity and, or gas will continue under our Standing Offer under the Standard Retail Contract, unless we have offered, and you have accepted, an energy plan under a new Market Retail Contract.</p>
My customer has received credits following upgrade to BetterDeal, will they be eligible for additional credits?	<p>No. If a customer has received a bonus credit for your electricity account at the same supply address in the past 12 months you will not be eligible to receive the electricity bonus credit. If you received a bonus credit for your gas account at the same supply address in the past 12 months you will not be eligible to receive the gas bonus credit.</p>
