

Teams Voice Connect

VONEX
always

Phone, email and chat
all in one place.

\$29.95
per month
per user

Turn your Microsoft Teams application into a ready-made enterprise phone system.

Work flexibly from any device

Make and receive internal and external calls from your mobile, tablet or desktop.

All the functionality of a traditional PBX and more

Normal call handling functions like Call Forwarding, Interactive Voice Response and Voicemail are all included.

Seamlessly port your existing numbers

You can also add new numbers like 13, 1300 or 1800 when integrating with the Microsoft platform.

Gear up with 36-month plans:
