

Information About The Service

The Service

ACN's Regional ADSL1/2+ Broadband delivers high-speed broadband and requires an active phone service with ACN or another provider.

Bundling requirements

We do not require that you bundle this service with any other service.

This service requires an active phone service which you may purchase from either ACN or from a third party provider who uses the Telstra Network. The cost of the phone service (including line rental) is additional to the monthly ADSL Broadband plan fee. If you go with a third party provider it is your responsibility to manage your phone service.

Equipment

The Regional ADSL Broadband Plan comes with a modem charged at \$29.00 and \$13.95 for delivery.

Minimum term

There is a 12 month minimum term with these plans however you can move to another plan within your minimum term without penalty or a plan change fee provided you commit to a new 12 month minimum term.

Limitations and qualifications

Regional ADSL Broadband Plans are available to residential and small business users. ACN's Acceptable Use Policy applies.

Regional ADSL Broadband may not be available in all areas or premises. There may be technical or commercial reasons that affect our ability to connect a service at your address. Please visit the ACN website to check your service availability.

Broadband speeds

Connection speed is up to 20,000/800kbps (ADSL2+). Where ADSL2+ is not available, ACN will connect the fastest speed possible to your phone service, up to 8000/384kbps (ADSL1). Actual speeds will vary due to a number of factors such as your distance from an exchange, the network connecting the exchange, your equipment, software and Internet traffic. Devices connected by Wi-Fi™ may experience slower speeds than those connected by Ethernet cable.

Information About Pricing

Minimum monthly charge

The minimum monthly charge for each Regional ADSL Broadband plan is specified in the table below. You pay an additional amount if you purchase additional data during the month.

Early termination fee (ETF)

An Early Termination Fee (ETF) will apply if you cancel or transfer your broadband service within your minimum agreement term. The ETF is \$15.00 for each full and partial remaining month of the remainder of the agreement term. The maximum ETF is \$180.00.

Excess usage charges

Once your allocated data allowance has been used the service will be shaped to 256kbps for the rest of the monthly billing cycle. No excess usage charges will apply.

Connection fee

A once-off connection fee of \$49.00 applies to customers who are transferring an existing service or activating a new ADSL broadband service with ACN.

Additional phone line connection charges may apply depending on the type of connection or reconnection work required to activate your ADSL broadband service if you decide to take the phone line rental with ACN.

Billing

Your service is invoiced on the same date each month (e.g. 15th of every month). We bill you in advance for the minimum monthly charge and in arrears for calls not included in the minimum monthly charge and any additional data you may have purchased. Your first invoice will be higher because it includes a partial Plan Fee billed in arrears (for the period between your service activation and your first invoice) plus the Plan Fee for the following month billed in advance.
